Copper7 Preorder Activation

Fritz!Box 7583

Init7

Copper7 Preorder Activation (FRITZ!Box 7583)

1 Connecting the components

1. connect the enclosed RJ11 cable to the telephone socket.

You may need the enclosed adapter for this.

- 2. Connect the FRITZ!Box to the power supply.
- 3. Connect your computer to the FRITZ!Box using the enclosed Ethernet cable or connect to the WLAN of the FRITZ!Box.

2 Basic configuration of the FRITZ!Box

- 1. Open a web browser and type «https://fritz.box» into the address bar.
- 2. A language selection dialog appears. Select the desired language.
- 3. You will now be asked to enter the password for your FRITZ! This can be found on the back of the router.
- 4. Now select «Switzerland» as the country.
- 5. Select «Annex A» in the Annex setting.
- 6. The FRITZ!Box now accepts the settings and restarts.

The restart takes about 2 minutes. You will then be automatically redirected to the web interface.

3 Configure connection activation

1. Log into the FRITZ!Box.

Default user: admin

Default password: (can be seen on the back of the FRITZ!Box)

2. After logging in, the setup wizard opens automatically. You can simply close it. See page 3.

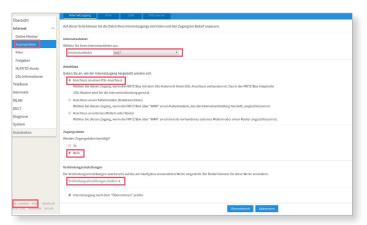

4 Overview page of the FRITZ!Box

- 1. The overview page opens. See below.
- 2. Click on «View: Standard» at the bottom left.
- 3. The page is reloaded.
- 4. Where you clicked before, you will now see «View: Advanced».

Please note: Due to software updates, the layout of the overview page may change.

5. First click on «Internet» and then on the menu item «Access data» in the submenu that appears.

Copper7 Preorder Activation (FRITZ!Box 7583)

5 Access configuration page

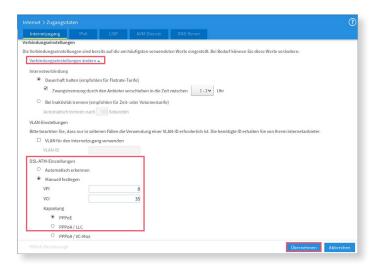

1. Make the following settings:

Internet provider: Init7 (if the connection does not work -> SWISSCOM)

Connection: Connection to a DSL connection

Access data: No

2. Click on Change connection settings (blue triangle)

6 Open splash page

Now open a new window in your browser, the Swisscom splash

page should open automatically. If this does not work, please try using the browser onyour smartphone.

If this does not work, please try using the browser on your smartphone.

7 On the SWISSCOM splash page

Enter the activation code you received from us and click on "Activate".

8 Activation process

The following page should now open. You must leave it open until it updates itself. We recommend drinking a coffee ;-).

9 Activation confirmation

As soon as the page reloads and the activation of the connection is confirmed, log into the FRITZ!Box again.

If the page does not reload after 30 minutes, continue.
